Comments for Public Posting: Dear City Council, Mayor and Friends, I am writing today to talk to you about Vacation and Multi Family RSO STR's in Los Angeles. Losing the ability to rent out my vacation/investment home with an ADU in the Valley would be absolutely devastating for my family, we are a Hispanic small business that depends on that income to make our family's mortgage and make ends meet. I support my elderly parents and my children with the income from our rental home. We fought very hard and saved for years to get to this point, and to take it away would be heartbreaking. STR rentals bring in millions of tax dollars and millions of dollars of revenue for minority owned small businesses (more tax dollars). The 250,000+ STR hosts would be your new supporters because you stood up for our families, by helping to keep families in their homes and generate an honest living with STR's. Its vital to thousands of families like mine and to a healthy Los Angeles! Please allow year round STR rentals on Vacation/Investment/multifamily/ADU homes in Los Angeles and please make any permit process easy for regular people to understand. Thank You!
