Comments for Public Posting: I'm just recently discovered Airbnb and hosting. I've recently learned that's it's illegal and I can no longer do this. I have a business and I also want to do this as my 2nd job. It's expensive to live here but I discovered that I can thrive here if I am allowed to have my STR. Sadly, as it stands, I may need to move. My house is now listed for sale and im going to be a part of California Exodus. I'm looking to buy in Texas or AZ. It's too bad that I don't have my property rights in this state of mine. I hope you change the current ordinance in favor of vacation rentals.
