Comments for Public Posting: Council: I am a long time resident of Woodland Hills and have paid for my standard of living by having worked many jobs for MANY years. I try my best to help others whenever I can and I see that they are in a bad situation with the hopes that they will get back on their feet. The homelessness problem in LA is indeed dire, but to put the burden of allowing cars, RVs and any other vehicles to be parked illegally just to alleviate their issues and put them on us is not fair and is not right. RVs have a toilet holding tank that needs to be discharged and if the vehicle is not functioning, it will be discharged raw in our streets. I plead with you to do everything in your power to see Assembly bill AB 516 VOTED DOWN. Do not throw these problems on the backs of tax paying citizens once again. Please vote NO ON AB 516
