Summary: The Arroyo Seco Neighborhood Council (ASNC) extends its support to this resolution (19-0002-s40) which in turn supports AB1080 and SB 54 calling for the adoption of regulations to reduce and recycle 75% of single-use plastic materials in the state. California and Los Angeles with their large populations of consumers have a great impact on the environment. Policies like this move to make that impact for the benefit of better environment and a greener future. It also puts California once again in a position to lead by example for the rest of the nation.
