Comments for Public Posting: Trying to pass a bill restricting LAPD's ability to tow cars/RV's that are in VIOLATION of the law is absurd at best! By trying to slip this bill through would only increase criminal activity that is already at an all time high. Everyone knows that these old RV's are used for selling and doing drugs. They break into homes that they are parked by to get more money to buy more drugs. The crime rate for homes being broken into has only increased since these run down RV's started showing up. These are NOT HOMELESS people they are CRIMINALS being allowed to do whatever they want to do and the law abiding citizens are forced to live in fear. I'm going to assume that the City Council people who are trying to pass this absolutely ridiculous bill live in a gated community and they don't care one bit for anybody but themselves. The crime and health (drug addicts relieving themselves on public streets) issues are only going to get worse this summer and YOU know that yet you try to pass a bill that would give criminals more rights than the home owners and businesses that are effected by these RV's illegally parked on our streets. WAKE UP!!!!

Comments for Public Posting: I oppose State Bil 516. I have watched oversized vehicles take over areas of Chatsworth in and around my Business. These RV type homeless vehicles are creating a public nuisance and health hazard. The owners of these vehicles should have to obey the same laws that everyone else is abiding by. Allowing these vehicles to camp and stay anywhere as long as they want will only promote more of them to come into our neighborhoods and business districts and cause more trash, sewage, hazardous waste, and disease for constituents to deal with.
