Item Number:

Summary: -FOR- The Los Feliz Neighborhood Council, committed to helping all of our neighbors find their way home, welcomes and supports Councilmember Ryu's motion to begin the process of bringing a Crisis and Bridge Housing center to the property located at 3210 and 3258 Riverside Drive. A Bridge Housing and Crisis Center would give our homeless stakeholders a safe refuge in the community they already know and love, until they can be connected with a permanent home. This city-owned location is an ideal site for such a project, being close to existing city facilities, near major arterial roads and freeways, and close to the Los Angeles River, where a large portion of our homeless stakeholders currently reside. The LFNC supports Mayor Garcetti's efforts to ensure that, before any bridge housing is built, Los Angeles County will "direct unprecedented outreach, mental health, career, and addiction support to nearby encampments" and that every bridge housing site will "offe[r] 24/7 security and on-site services like case management, mental health care, substance abuse treatment, and housing placement to help residents stabilize their lives, move on to permanent housing, and stay off the streets for good." The LFNC is pleased to join the Los Feliz Improvement Association, the Friends of Griffith Park, the Griffith Park Adult Community Club, and other neighborhood partners in supporting this much-needed resource in our community. A neighborhood isn't defined by its topography or wealth, but by the character of the people who live there. Together, as one neighborhood, we can confront this terrible crisis and ensure that everyone in Los Feliz has a roof over their heads.

-COMMUNITY IMPACT STATEMENT-

Council File No: 19-0126

3210 and 3248 West Riverside Drive / Crisis and Bridge Housing Program Facility / Site Evaluation

-FOR-

The Los Feliz Neighborhood Council, committed to helping all of our neighbors find their way home, welcomes and supports Councilmember Ryu's motion to begin the process of bringing a Crisis and Bridge Housing center to the property located at 3210 and 3258 Riverside Drive.

A Bridge Housing and Crisis Center would give our homeless stakeholders a safe refuge in the community they already know and love, until they can be connected with a permanent home.

This city-owned location is an ideal site for such a project, being close to existing city facilities, near major arterial roads and freeways, and close to the Los Angeles River, where a large portion of our homeless stakeholders currently reside.

The LFNC supports Mayor Garcetti's efforts to ensure that, before any bridge housing is built, Los Angeles County will "direct unprecedented outreach, mental health, career, and addiction support to nearby encampments" and that every bridge housing site will "offe[r] 24/7 security and on-site services like case management, mental health care, substance abuse treatment, and housing placement to help residents stabilize their lives, move on to permanent housing, and stay off the streets for good."

The LFNC is pleased to join the Los Feliz Improvement Association, the Friends of Griffith Park, the Griffith Park Adult Community Club, and other neighborhood partners in supporting this much-needed resource in our community.

A neighborhood isn't defined by its topography or wealth, but by the character of the people who live there.

Together, as one neighborhood, we can confront this terrible crisis and ensure that everyone in Los Feliz has a roof over their heads.
