

MOTION

I MOVE that the matter of the Economic Development Committee's Report relative to the Fair Work Week, Item No. 9 on today's Council Agenda (CF 19-0229), BE AMENDED to adopt the following addition to recommendation 1:

REQUEST the City Attorney to include in the ordinance a clarification that the definition of an employee does not include those who self-schedule. Self-scheduling employees are those who self-select work shifts without employer pre-approval pursuant to a mutually acceptable agreement.
