Item Number:

Summary: The Arroyo Seco Neighborhood Council (ASNC) extends its support to this motion calling for the City Administrative Officer and Dept. of Recreation and Parks to provide a report for a ballot measure to provide funding for capital improvements such as land acquisition, staffing and park operations, and properly maintaining public trees. Trees and open space are vital to the health of a city and its people. From cleaning polluted air to reducing the heat island effect to the psychological benefits the necessity of green space cannot be ignored. While the ASNC fully supports the city in taking the first steps as prescribed in "First Step: Developing an Urban Forest Master Plan for the City of Los Angeles." The city must continue to follow its recommendations in order to close the gap as presented in the document.
