

Communication from Council District 10

***In lieu of existing instructions:**

I THEREFORE MOVE that the Council instruct the Department of City Planning to prepare a report identifying: 1) a short-term strategy for the processing of Conditional Use requests under the BEST Program that is currently inhibiting EPS from accepting eligible projects; and, 2) a long-term strategy that provides for a long-term solution of the BEST Program that is either placed with the Condition Compliance Unit (CCU), or whose burden is shared on a Citywide level across all case processing sections of the Department.

I FURTHER MOVE that the Department of City Planning, with the assistance of the City Administrative Officer, and in consultation with the City Attorney, prepare a report on the current status of backlogged applications and the feasibility of charging project applicants for overtime costs incurred by the Department of City Planning to process backlogged applications.
