The Honorable City Council  
Room 395  
City Hall

Honorable Members:

Inasmuch as no one protested the assessments pursuant to the hearing scheduled this date, in connection with the maintenance for the Annual Assessment for Street Lighting Maintenance and Operation for Fiscal Year 2019/2020 - Los Angeles, Assessments and District Frozen Since 1996), the Board of Public Works recommends that the assessments therefore be confirmed.

The Bureau of Street Lighting has indicated that the final Ordinance for said Council Hearing will be submitted via separate cover to the Office of the City Clerk for City Council consideration.

Respectfully submitted,

DR. FERNANDO CAMPOS,  
Executive Officer, Board of Public Works

Final Ordinance of Intention No. 186172  
Report from Board of Public Works

**Date**

ORDINANCE NO. 186172

An Ordinance pursuant to the provisions of Section 6.95 - 6.127 of the Los Angeles Administrative Code, Sections 53753.5 of the California Government Code, and Proposition 218 (Articles XIII C and XIII D of the California Constitution) declaring the intention of the Council of the City of Los Angeles to order the necessary street lighting systems to be operated, maintained and repaired, including furnishing electric energy, for a period of one year ending June 30, 2020 for the lighting of that certain district designated as the **LOS ANGELES CITY STREET LIGHTING MAINTENANCE ASSESSMENT DISTRICT** ("MASTER DISTRICT") in the City of Los Angeles. The "MASTER DISTRICT" was created for administrative convenience and is comprised of individual "COMPONENT DISTRICTS" created prior to the effective date of Proposition 218 to fund street lighting related services and/or activities.

The boundaries of the COMPONENT DISTRICTS and the individual assessments for each property within the COMPONENT DISTRICTS remain unchanged from the assessment year preceding the effective date of Proposition 218. No assessments will increase and no new properties will be added to the involved COMPONENT DISTRICTS. The city may from time to time delete all or a portion of COMPONENT DISTRICT from the MASTER DISTRICT but only if such change will not increase any individual COMPONENT DISTRICT assessment amounts beyond the last pre-Proposition 218 assessment amount. Such COMPONENT DISTRICTS are therefore exempt under section 5 of Proposition 218 from the procedures and approval process set forth in section 4 of Proposition 218.

**THE PEOPLE OF THE CITY OF LOS ANGELES  
DO ORDAIN AS FOLLOWS:**

Section 1. The public interest and convenience require, and it is the intention of the Council of the City of Los Angeles to order the following improvement to be made, to wit:

That the necessary street lighting systems be operated, maintained and repaired, including the furnishing of electric energy, for the period of one year ending June 30, 2020 for the lighting of:

All those streets, alleys, and other public places within the boundaries of the City of Los Angeles that have heretofore been assessed for such services for the period of one year ending June 30, 2019, except all those COMPONENT DISTRICTS assessed for the first time in 1996/97 and thereafter. The COMPONENT DISTRICTS to be assessed to pay the costs and expenses of this improvement shall collectively be known as the "**LOS ANGELES CITY STREET LIGHTING MAINTENANCE ASSESSMENT DISTRICT**" ("MASTER DISTRICT"). The lighting districts in such MASTER DISTRICT can also be described as those lighting districts with assessment diagram numbers 1 through 11161, not including assessment diagram numbers 9953,

10803, 11136, 11138 and 11140 through 11153, as more fully described in sections 2 and 4 herein.

Sec. 2. All of the said work shall be done in accordance with the report, prepared and approved by the Director of the Bureau of Street Lighting adopted by the Board of Public Works, therefore, approved by the City Council and on file in the office of the City Clerk. Reference to said report is hereby made for a full and detailed description of the proposed improvement and of the assessments to be levied.

Sec. 3. The said Council hereby makes all the costs and expenses of said improvement, including incidental expenses, chargeable upon the COMPONENT DISTRICTS to be benefited thereby, with no additional portion of the costs to be paid out of the City Treasury.

Sec. 4. The Council hereby determines and declares that the COMPONENT DISTRICTS which receive special benefit from said improvement and are to be assessed to pay the costs and expenses thereof, are described by the diagram included by reference in the said report of the Director of the Bureau of Street Lighting adopted by the Board of Public Works, which diagram indicates by a boundary line the extent of the territory included within each said COMPONENT DISTRICT. Reference is hereby made to said report and diagram for a full and complete description of said COMPONENT DISTRICTS, which diagram shall govern for all details as to the extent thereof. Diagrams showing the territory of the COMPONENT DISTRICTS are on file in the office of the Bureau of Street Lighting, 1149 S. Broadway, 2<sup>nd</sup> Floor, Los Angeles, California, 90015. All public streets and alleys or portions thereof are hereby excepted therefrom.

Sec. 5. That the proceedings for the said improvement shall be had and taken under and in accordance with Section 6.95 - 6.127 of the Los Angeles Administrative Code, Sections 53753.5 of the California Government Code, and Proposition 218 (Articles XIII C and XIII D of the California Constitution).

Sec. 6. The Board of Public Works shall cause notices of said improvement to be published in newspapers of general circulation published and distributed in the several areas of the City in the manner and form and within the time required by law.

Sec. 7. That June 18, 2019 at the hour of 10 o'clock a.m. is the time, and the Council Chamber on the third floor of City Hall in the City of Los Angeles is the place, when and where a public hearing on the proposed improvement and assessment will be held by the City Council. Any person objecting to their assessment may file a written protest or appeal with the City Clerk at any time prior to this confirmation hearing by the City Council. Any person may also present written or oral comments at the City Council testimony meeting on this matter. Such protest must contain a description of the property in which each signer thereof owns an interest, sufficient to identify the property, and be delivered to the City Clerk, and no other protests than those presented within the time specified will be considered.

Sec. 8. The City Clerk shall certify to the passage of this ordinance and have it published in accordance with Council policy, either in a daily newspaper circulated in the City of Los Angeles or by posting for ten days in three public places in the City of Los Angeles: one copy on the bulletin board located at the Main Street entrance to the Los Angeles City Hall; one copy on the bulletin board located at the Main Street entrance to the Los Angeles City Hall East; and one copy on the bulletin board located at the Temple Street entrance to the Los Angeles County Hall of Records.

**SUBJECT: ANNUAL ASSESSMENT - STREET LIGHTING MAINTENANCE AND OPERATION FOR 2019/20 - LOS ANGELES CITY LIGHTING DISTRICT (ASSESSMENTS AND DISTRICT FROZEN SINCE 1996)**

As recommended in the accompanying report of the Director of the Bureau of Street Lighting, which this Board has adopted, the Board of Public Works recommend that your Honorable Body:

1. Adopt this Report and the Ordinance of Intention for the Los Angeles City Street Lighting Maintenance Assessment District (LACL D) (Transmittal No. 2), under which individual maintenance assessments, the total amount assessed, and the composition of the district will remain substantially the same as in 2018/19, and therefore assessments will be exempt from the "procedures and approval process" (section 4 of Proposition 218) as allowed in section 5 of Proposition 218. No assessments will be increased and no properties will be added to this District. Therefore, no ballots will be required; and
2. Proceedings for the maintenance of LACL D for fiscal year 2019/20 be conducted in conformance with Division 6, Chapter 3, Article 1 of the Admin Code, CA Government Code Section 53753.5, and Prop 218 (Articles XIII C and XIII D of the CA State Constitution). At the conclusion of the Council Public Hearing, assessments be confirmed and an ordinance levying the assessments be adopted.

Confirmation of the Assessments by July 31, 2019 is necessary to meet the County deadline for inclusion of the assessments on the 2019/20 Property Tax Bills.

That you Board submit a copy of this report and its transmittals to the City Administrative Officer for review and comment prior to your Board's public hearing, per their request in the 1987 Management Audit of the Bureau of Street Lighting.

There is no impact to the General Fund.

Sincerely,

DR. FERNANDO CAMPOS,  
Executive Officer, Board of Public Works
