Comments for Public Posting: To Whom it may concern, Please do the right thing and clean up the encampments. As taxpayers, our community deserves better this has become a major health hazard. It has become unsafe to walk on our streets now you want to allow these people to sleep and hang out by our parks and schools. You cannot just choose to protect the homeless and not be sensitive to law bidding citizens and our rights. You don't get to pick and choose. There are other cities who have this problem under control why can't you model what has worked for other cities? Thank you, Perla Muhlstein
