Summary: The Greater Valley Glen Council favors the reporting on the effectiveness of existing measures to address individuals entering homelessness. We understand from the press that monies spent to date from the Measure H sales tax and from Proposition HHH have been significant but our homelessness situation continues hardly abated, if at all. The report called for here should address effective uses of this existing funding. We do not endorse the City supplying additional funding for programs that should otherwise be paid for out of existing H and HHH sources.
