Comments for Public Posting: It is paramount that the Tenant Protection Act of 2019 / Rental Units No-Fault Evictions Temporary Moratorium / Emergency Ordinance pass because without it, the effectiveness and impact of AB1482 will not be felt. Evictions and rent increases have domino effects in peoples lives. The housing climate in Los Angeles right now has left people homeless, commuting to work from further and further out, separated from families and historically occupied areas, and fearful of greedy landlords looking to curtail their responsibilities and cash in on the crisis with desperate tenants. This temporary moratorium will ensure that landlords won't evict or push out tenants before AB1482 takes effect.
