Comments for Public Posting: The passage of AB1482 is great for our state and for our city once it is implemented in January 2020! This rent hike moratorium is exactly the legislation that LA needs until then. LA must protect its renters at all costs -- as exorbitant rent hikes WILL be a major source of new homelessness. This motion should be coupled with the no-cause eviction ban -- one without the other makes landlords able to move forward with their plans to get rid of tenants. I urge the city council to pass BOTH of these ordinances, and make them retroactive to the bill's signing on October 9. Thank you for putting these great motions forward.

Comments for Public Posting: At a time when homelessness is skyrocketing and 600,000 households in LA County spend over 90% of their income on rent, it is imperative that LA City Council impose a rent freeze to keep Angelenos in their homes.
