#### Impact Information

Date: 07/06/2020

Update to a Previous Input: No

Directed To: City Council and Committees

Council File Number: 19-1361

Agenda Date:

Item Number:

Summary: The Greater Valley Glen Council favors the proposed report from the Department of Water and Power relative to the feasibility and costs to underground electric distribution facilities in high fire zones, but to additionally report on the feasibility and costs to use insulated conductors as an alternative solution to undergrounding, and on additional practices that would minimize possible utility-caused fire starting points.
