Comments for Public Posting: I implore that the help that is provided by victims of crime program not be taken! There are many family that are very unfortunate, some may have but is only enough to survive. Many have nothing and at that very moment money is one less burden. I myself can say the program Was a great help. There is not enough gratitude that one can give to the program. My case is one of many, but I was fortunate and blessed. I ultimately want for you to rethink that what this program does for the people. You give people the availability to see there loves one have a proper burial, allow loves one to be able to say good bye, you give the people a peace of mine when theyj mom can't have it. Don't take it you are helping the people!! Thank you for he hearing me out
