Comments for Public Posting: As a voter registered in LA CD 12, I strongly support the protected bike lane on Reseda Blvd. It has truly improved the character of this historic corridor. It sets a precedent for safe streets in the valley, and improves the connectivity to the Orange Line. This infrastructure is necessary to protect the students and low income citizens commuting through this corridor by bike everyday. If anything, we should be extending the project to make the infrastructure more consistent and safe for people driving or riding bikes on Reseda Blvd.

Comments for Public Posting: I am a professional living in Porter Ranch. I strongly support keeping the protected bike lane on Reseda Blvd. Myself and my family commute by bike often. We are avid cyclists. There are way too many fatalities when cyclists have no safe place to ride. I'm aware of 2 colleagues who have been victims of fatal injuries when hit by cars. One was my endodontist. Please do not remove the protected bike lane on Reseda Blvd.
