Council File No: 20-0002-S53

Comments for Public Posting: I strongly oppose this motion. Councilman Ryu and others have been trying to over turn Costa Hawkins well before this crisis. Using this crisis to push through an agenda previously contested is perfect example of Rahm Emanuel's famous quote " "You never want a serious crisis to go to waste. And what I mean by that is an opportunity to do things that you think you could not do before." People generally find this a despicable mindset and not "representative" of the community's you've been honored to represent. Renters are already being granted many new, broad sweeping protections which are so over reaching that many property owners will not be able to retain ownership of their properties. The City Council is aware of this as a fact, since it was discussed by Councilman Bonin in his virtual townhall - in which he announced his motion for the city to buy those properties once they foreclose or become "distressed" Please don't "use this crisis" - Please vote no on this item -
