

ORDINANCE NO. **186593** \_\_\_\_\_

An ordinance amending Section 12.04 of the Los Angeles Municipal Code by amending the zoning map.

THE PEOPLE OF THE CITY OF LOS ANGELES DO ORDAIN AS FOLLOWS:

Section 1. Section 12.04 of the Los Angeles Municipal Code is hereby amended by changing the zone and zone boundaries shown upon a portion of the zone map attached thereto and made a part of Article 2, Chapter 1 of the Los Angeles Municipal Code, so that such portion of the zoning map shall be as follows:

CPC-2016-3866-VZCJ-SPR

AA/cf

112019

City of Los Angeles

## (Q) QUALIFIED CONDITIONS OF APPROVAL

Pursuant to Section 12.32-G of the Los Angeles Municipal Code (“LAMC”), the following limitations are hereby imposed upon the use of the subject property, subject to the “Q” Qualified classification.

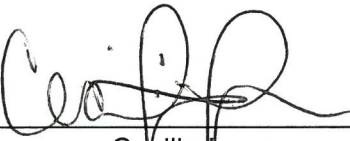

1. **Use.** The use of the subject property shall be limited to those uses permitted in the RAS4 Zone as defined in Section 12.11.5 of the LAMC, and as otherwise permitted by LAMC Section 12.24. Portions of the site zoned P-1VL-RIO shall be limited to those uses permitted in the P Zone as defined in Section 12.12.1 of the LAMC, and as otherwise permitted by LAMC Section 12.24.
2. **Site Plan.** The use and development of the subject property shall be in substantial conformance with the site plan labeled **Exhibit A** and dated **October 9, 2019**, attached to the file, except as may be revised as a result of this action. No change to the plans will be made without prior review by the Department of City Planning, and written approval by the Director of Planning, with each change being identified and justified in writing. Minor deviations may be allowed in order to comply with provisions of the Municipal Code, the subject conditions, and the intent of the subject permit authorization.
3. **Floor Area.** The floor area ratio of all buildings shall be limited to no more than 2.5:1 FAR.
4. **Density.** The project shall be limited to a maximum density of 154 residential units.
5. **Height.** The height of all buildings and structures on the subject property shall not exceed 45 feet, as shown in **Exhibit A**. Any structures on the roof, such as air condition units and other equipment, shall be fully screened from view of any abutting properties with single-family dwellings.
6. **Automobile Parking.** Automobile parking shall be provided consistent with LAMC Section 12.22 A.25, Parking Option 1, which permits one on-site parking space for each residential unit with one or fewer bedrooms; two on-site parking spaces for each residential unit with two to three bedrooms; and two-and-one-half parking spaces for each residential unit with four or more bedrooms.
7. **Adjustment of Parking.** In the event that the number of Restricted Affordable Units should increase, or the composition of such units should change (i.e. the number of bedrooms, or the number of units made available to Senior Citizens and/or Disabled Persons), or the applicant selects another Parking Option (including Bicycle Parking Ordinance) and no other Condition of Approval or incentive is affected, then no modification of this determination shall be necessary, and the number of parking spaces shall be re-calculated by the Department of Building and Safety based upon the ratios set forth above
8. **Bicycle Parking.** Bicycle parking shall be provided consistent with LAMC 12.21 A.16. Long-term bicycle parking shall be provided at a rate of one per dwelling unit or guest room. Additionally, short-term bicycle parking shall be provided at a rate of one per ten dwelling units or guest rooms, with a minimum of two short-term bicycle parking spaces.

9. **JJJ Compliance / LAMC Section 11.5.11 – On-Site Provision of Affordable Units.** A minimum of 5% of the total project units shall be reserved at rents affordable to Extremely Low Income households (eight units) and a minimum of 6% of the total units shall be reserved at rents affordable to Very Low Income households (ten units), as defined by the State Density Bonus Law 65915(C)(2). Prior to issuance of a building permit, the owner shall execute a covenant to the satisfaction of the Los Angeles Housing Department (LAHD), at a rent determined to be affordable to such households by LAHD for a period of 55 years. Enforcement of the terms of said covenant shall be the responsibility of LAHD. The applicant will present a copy of the recorded covenant to the Department of City Planning for inclusion in this file.
10. **Labor Requirement.** Pursuant to Measure JJJ, certified by City Council on December 13, 2017 and codified as Section 5.522 of the Administrative Code, the applicant shall confer with Department of Public Works, Bureau of Contract Administration, Office of Contract Compliance, and shall provide the following to the Department of City Planning:
- a. A signed Preconstruction Checklist Agreement between the Applicant and the Bureau of Contract Administration (maintained in the case file), prior to clearing any Building Permit, which covers the following:
    - i. Licenses. All building and construction work on the project will be performed at all tiers by contractors that are licensed by the State of California and the City of Los Angeles. The project will employ only construction workers that possess all licenses and certifications required by the State of California and the City of Los Angeles.
    - ii. Local Hire. At least 30 percent of all respective workforces' construction workers' hours of Project Work will be performed by permanent residents of the City of Los Angeles. Of these, at least 10 percent of all their respective workforces' construction workers' hours of Project Work shall be performed by Transitional Workers whose primary place of residence is within a 5-mile radius of the covered project. If such minimums are not met, evidence of a good faith effort to solicit such local workers shall be provided.
    - iii. Wages. The project will pay construction workers performing Project Work hourly wage rates for those classifications in compliance with the applicable prevailing wage rate determination established pursuant to the California Labor Code.
    - iv. Training. At least 60 percent of construction workforces employed on the project will be:
      - a) Workers who graduated from a Joint Labor Management apprenticeship training program approved by the State of California.
      - b) Alternatively, workers employed that have minimum hours of on-the-job experience in the applicable craft which would be required to graduate from such a state-approved apprenticeship training program.

- c) Workers who are registered apprentices in an apprenticeship training program approved by the State of California or an out-of-state, federally approved apprenticeship program.
  - b. After the project has completed construction, and prior to any Certificate of Occupancy, a signed report from the Bureau of Contract Administration that indicates compliance with the above licenses, local hire, wages and training requirements shall be added to the case file.
- 11. **Mitigation Monitoring Program.** The project shall be in substantial conformance with the mitigation measures in the attached MMP and attached to the subject case file. The implementing and enforcing agencies may determine substantial conformance with mitigation measures in the MMP. If substantial conformance results in effectively deleting or modifying the mitigation measure, the Director of Planning shall provide a written justification supported by substantial evidence as to why the mitigation measure, in whole or in part, is no longer needed and its effective deletion or modification will not result in a new significant impact or a more severe impact to a previously identified significant impact. If the project is not in substantial conformance to the adopted mitigation measures or MMP, a modification or deletion shall be treated as a new discretionary action under CEQA Guidelines, Section 15162(c) and will require preparation of an addendum or subsequent CEQA clearance. Under this process, the modification or deletion of a mitigation measure shall not require a Zone Change unless the Director of Planning also finds that the change to the mitigation measures results in a substantial change to the project or the non-environmental conditions of approval.
- 12. **Mitigation Monitor.** During the construction phase and prior to the issuance of building permits, the applicant shall retain an independent Construction Monitor (either via the City or through a third-party consultant), approved by the Department of City Planning, who shall be responsible for monitoring implementation of project design features and mitigation measures during construction activities consistent with the monitoring phase and frequency set forth in this MMP. The Construction Monitor shall also prepare documentation of the applicant's compliance with the project design features and mitigation measures during construction every 90 days in a form satisfactory to the Department of City Planning. The documentation must be signed by the applicant and Construction Monitor and be included as part of the applicant's Compliance Report. The Construction Monitor shall be obligated to immediately report to the Enforcement Agency any non-compliance with the mitigation measures and project design features within two businesses days if the applicant does not correct the non-compliance within a reasonable time of notification to the applicant by the monitor or if the non-compliance is repeated. Such non-compliance shall be appropriately addressed by the Enforcement Agency.

**Sec. 2.** The City Clerk shall certify to the passage of this ordinance and have it published in accordance with Council policy, either in a daily newspaper circulated in the City of Los Angeles or by posting for ten days in three public places in the City of Los Angeles: one copy on the bulletin board located at the Main Street entrance to the Los Angeles City Hall; one copy on the bulletin board located at the Main Street entrance to the Los Angeles City Hall East; and one copy on the bulletin board located at the Temple Street entrance to the Los Angeles County Hall of Records.

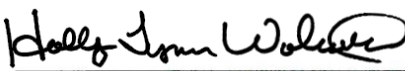

Pursuant to Section 558 of the City Charter, the Los Angeles City Planning Commission on **October 24, 2019** recommends this ordinance **BE ADOPTED** by the City Council.

# DECLARATION OF POSTING ORDINANCE

I, Ottavia Smith state as follows: I am, and was at all times hereinafter mentioned, a resident of the State of California, over the age of eighteen years, and a Deputy City Clerk of the City of Los Angeles, California.

**Ordinance No.** 186593 - a copy of which is hereto attached, was finally adopted by the Los Angeles City Council on 04/07/2020, and under the direction of said City Council and the City Clerk, pursuant to Section 251 of the Charter of the City of Los Angeles and Ordinance No. 172959, I conspicuously posted a true copy of said ordinance at each of the three public places located in the City of Los Angeles, California, as follows: 1) one copy on the bulletin board located at the Main Street entrance to the Los Angeles City Hall; 2) one copy on the bulletin board located at the Main Street entrance to the Los Angeles City Hall East; 3) one copy on the bulletin board located at the Temple Street entrance to the Los Angeles County Hall of Records beginning on 04/21/2020 and will be continuously posted for ten or more days.

I declare under penalty of perjury that the foregoing is true and correct.

Deputy Clerk
