Council File No: 20-0015

Comments for Public Posting: I wish to express my full support for the inclusion of the warehouse and the studio interiors for historic protection of the Santa Fe Art Colony, a matter upon which the PLUM Committee will vote on Tuesday, January 28, 2020. The Los Angeles Art scene can only be enriched by protecting such sites and the artists who live there in home/studios at affordable rents. Sincerely yours, Sylvie Hirschl
