To Whom it Concerns:

As a previous tenant of the Santa Fe Art Colony I am in full support of Tenants rights to insure they aren't displaced. Corporate developers are gobbling up every affordable property they can get there hands on, in some cases just flipping them for a quick profit or gentrifying them and displacing folks that have in many cases spent 1/2 there lives there. I am supporting the average citizen in there quest to have a place to live and not be treated as if they don't matter. All lives matter.

I write this letter to request your support to put an end to landlord abuse and take a stand for the people that made this community a thriving place to live and do business.

Thanking you in advance,
Steve Winawer
