Summary: The Arroyo Seco Neighborhood Council (ASNC) extends its support to this motion (20-0043) Calling for the creation of a youth internship program for low-income high school students to introduce them to city jobs. The ASNC agrees with this motion as it creates many new opportunities for otherwise disadvantaged youth to explore career possibilities in a manner that can serve the public and their own communities. There is a vast system of inequality in the United States where even progressive cities such as Los Angeles find many low income families lacking in opportunities afforded to those with greater means. Even public institutions such as schools face imbalanced services depending on their zip code. Opportunities like this proposal from the city do not erase this inequality but it is the step in the right direction and a positive service to our youth.
