

MOTION

I MOVE that the Council AMEND the Transportation Committee Report relative to installing wayfinding signage and local designation in support of U.S. Bicycle Routes 95 and 66 within the City of Los Angeles (CF-20-0063 and Item 13 on today's agenda) to add the following recommendation

(e) Prior to installing any signage, coordinate with the Bureau of Street Services to ensure that the condition of the pavement of any of the designated routes is inspected to ensure it meets appropriate safety standards for bicycle traffic.
