

TRANSPORTATION

RESOLUTION

WHEREAS, The Los Angeles Municipal Code (LAMC) Section 88.66.(a) states that the City Council, by resolution, may designate stalls or spaces on a public street or in a publicly owned parking facility for the exclusive use of charging and parking a vehicle that is connected for electric charging; and

WHEREAS, LAMC Section 88.66.(a) states that such electric charging stations shall be exempt from the provisions of Section 62.08 (Specifications and Procedures for Above Ground Facilities Installations in the Public Right of Way); and

WHEREAS, the Department of Transportation (LADOT) previously worked with other City departments/bureaus and outside agencies to provide dedicated parking zones, which will not be replaced with electric vehicle charging spaces unless there is mutual agreement to do so; and

NOW, THEREFORE BE IT RESOLVED, that the City Council, pursuant to LAMC Section 88.66.(a) hereby designates the stalls/spaces on public streets specified in Exhibit 1 for the exclusive use of charging and parking a vehicle that is connected for electric charging; and

BE IT FURTHER RESOLVED that upon adoption of this Resolution, the Department of Transportation (LADOT) be directed to post signs and install any necessary pavement markings to give notice of a "No Parking Except for Electric Vehicle Charging" restriction, with the option to supplement any specific hours and time limits at the locations in Exhibit 1; and

BE IT FURTHER RESOLVED that LADOT be authorized to exclude the posting of "No Parking Except for Electric Vehicle Charging" signs at any of the locations in Exhibit 1, or at any future electric vehicle charging stations, where LADOT determines that exclusive parking for electric vehicles cannot be provided for any of the following conditions:

- Parking or stopping is prohibited for all vehicles
- The location is designated as a school loading zone or where parking is prohibited except for school buses
- The location is adjacent to a protected bike lane
- The location is the first or last parking space on the block thereby preventing an accessible parking zone from being installed
- The location is already designated as an accessible parking zone, passenger loading zone, sightseeing/tour bus zone, mailbox deposit zone, commercial loading zone, or short-term parking zone

BE IT FURTHER RESOLVED that the Department of Water and Power and the Bureau of Street Lighting be directed to remove any electric vehicle charging equipment from any location determined by LADOT to be infeasible for the exclusive use of electric vehicle charging; and

BE IT FURTHER RESOLVED that LADOT or the Bureau of Street Services may temporarily prohibit the parking of electric vehicles at electric vehicle charging stations by posting signs specifying the temporary parking restrictions, and that for these situations the electric vehicle charging equipment may remain or be covered; and

BE IT FURTHER RESOLVED that the Department of Transportation be authorized to make technical corrections or clarifications to the above instructions in order to effectuate the intent of this resolution.
