Dear Ms. Wan:

We represent the owners of the apartment building at [738 Normandie Avenue](#), next to the project at 732 Normandie Avenue of which you are the City Planner.

We recently received a "Notice of Intent to Excavate." We contacted Jamieson and were assured they would not excavate during this pandemic and that they would forward the studies they did regarding protecting our historical building. The first call with them was one month ago and the second was two weeks ago. They have sent nothing and don't return phone calls.

I am writing to ask for a delay of the telephonic hearing scheduled for next Tuesday. We are retaining a sound and vibration engineer to review Jamison's work, and need more time for them to complete their work and provide evidence for submission to the counsel.

Please call or email to let me know that you have approved this extension. As you can imagine, during this pandemic the logistics are difficult and we need additional time.

Regards,

Stewart A. Rubin
