RE: Los Angeles City Council File No. 20-0147-S44

On behalf of the National Council of Jewish Women/LA, we are writing to express our support for City Council Motion 72-MM, which will be presented to you at next Tuesday's City Council meeting as a draft ordinance from the City Attorney. We wish to emphasize the critical need and urgency to ensure that the ordinance contains these strong provisions to protect our frontline grocery and drug retail workers who provide a lifeline to our communities in this time of crisis. This ordinance will also help protect our communities from the pandemic and flatten the curve:

1. Mandate that Grocery Retail, Drug Retail, and Food Delivery employees are allowed time to wash their hands (every 30 minutes) and that employer provides, at its expense, all necessary sanitary cleaners;
2. Provide priority access to coronavirus testing at no expense to worker for Grocery Retail, Drug Retail, food delivery workers;
3. Permit workers to alter their schedules to address childcare and family needs arising from pandemic without retaliation and with good faith effort to maintain hours, as well as offer full-time hours to current employees before hiring new employees.
4. Require all delivery platforms to register with the City if they intend to do business within the City and abide by a code of conduct;
5. Require all delivery platforms to provide workers with sanitation and disinfectant cleaning products;
6. Require all delivery platforms to provide customers and workers with a "non-contact" option that also ensures access to seniors and the disabled.

As businesses close as a result of the COVID-19 virus outbreak, grocery and drug stores will remain open. The grocery and drug store workers that keep business operations running and provide essential goods to the public, are doing so at great personal risk. These protections are essential not just for workers, but also for our communities. It is incumbent upon our elected leaders to enact policies that safeguard workers and the community health and safety during these times. The City of Los Angeles has the power to do it and must lead at this critical time.

In solidarity,

Susan Isaacs

 To: <cityclerk@lacity.org>

Hello,

My name is Kristal Grantham and I am your constituent from Van Nuys. I am calling as part of the Healthy LA coalition to ask Nury Martinez to enact stronger protections for our community in response to COVID-19. Our families and vulnerable community members need immediate action to

protect our health and our livelihoods. At tomorrow's Emergency Council meeting, I urge Nury Martinez to support motions to:

1. Enact a **Strong Moratorium on Evictions related to both nonpayment of rent and the presence of unauthorized occupants and pets, as well as all "no cause" evictions.** People should not have to go to court to prove the impact of coronavirus on them to counter an eviction filing. Nobody should be evicted during an emergency that requires people to shelter in place.
2. Have the City should work with the State and financial institutions to continue **suspending mortgage payments for homeowners and landlords, and forgive rent obligations** for the duration of the crisis, including a recovery period after the state of emergency is lifted.
3. Implement an immediate **freeze on all residential and commercial rent increases** and prohibit landlords from charging late fees.
4. Immediately **supply dumpsters, showers, hand washing stations, bathrooms, vermin abatement, soap, and water** to every informal settlement in Los Angeles.
5. Protect workers' livelihoods by **enacting "just cause," "right of recall," and "worker retention" policies** to stop unscrupulous employers from unjustly terminating workers during this crisis, and to ensure that when it is safe to return to work, they still have jobs to return to.
6. Prioritize workplace health and safety, including **mandated paid time for and access to hand-washing and sanitizing, provision of protective gear, and appropriate training for those still at work**, especially grocery workers, food service workers, and delivery drivers.
7. **Provide 14 days of paid sick leave to all workers** and prohibit retaliation against those who take it. Workers must feel safe to stay home through their illness for the public's safety.

Best Regards,

Kristal Grantham

Good Afternoon,

We are writing to express our support for Motion 72-MM, urging LA City Council to protect Grocery and Food Delivery Workers. As we all know, grocery and delivery workers are among those at the frontlines during this health crisis, and we need to ensure these folks get the hand washing breaks, personal protective equipment (PPE), and the cleaning and sanitizing materials they need.

Please find our letter of support attached, and feel free to reach out with any questions.

Thank you,
Alice

Support for 72MM-Covid

1 message

Jessica Sarriot <jsarriot@gmail.com>

Thu, Mar 26, 2020 at 3:22 PM

To: Gilbert.Cedillo@lacity.org

Cc: ncastro@laane.org, CityClerk@lacity.org, Clerk.CPS@lacity.org

Councilmember Cedillo,

I am writing to firstly thank you for your leadership during this difficult time.

I also wanted to highlight my support for 72MM-Covid which provides strong provisions to protect our frontline grocery and drug retail workers who provide a lifeline to our communities in this time of crisis. I'm attaching my letter of support which I send in coalition with the LA Fair Workweek Alliance.

I would futher highlight the need or strong just cause and worker retention laws to make sure workers in the hospitality and service industry are rehired in the future.

I work for the LA County's Health Services Department as a Program Manager and am all too aware of how much worst this crisis is going to get in the near future and how deeply important it is to take care of those most vulnerable including those who are experiencing homelessness, those returning from time in jail and prisons, and those whose employment is unstable and who already lived paycheck to paycheck.

Please continue to be a strong voice for those. We can and must take care of everyone.

Respectfully,

Jessica

RE: Los Angeles City Council File No. 20-0147-S44

On behalf of the Los Angeles Worker Center Network, I am writing to express our support for City Council Motion 72-MM, which will be presented to you at next Tuesday's City Council meeting as a draft ordinance from the City Attorney. We wish to emphasize the critical need and urgency to ensure that the ordinance contains these strong provisions to protect our frontline grocery and drug retail workers who provide a lifeline to our communities in this time of crisis. This ordinance will also help protect our communities from the pandemic and flatten the curve:

1. Mandate that Grocery Retail, Drug Retail, and Food Delivery employees are allowed time to wash their hands (every 30 minutes) and that employer provides, at its expense, all necessary sanitary cleaners;
2. Provide priority access to coronavirus testing at no expense to worker for Grocery Retail, Drug Retail, food delivery workers;
3. Permit workers to alter their schedules to address childcare and family needs arising from pandemic without retaliation and with good faith effort to maintain hours, as well as offer full-time hours to current employees before hiring new employees.
4. Require all delivery platforms to register with the City if they intend to do business within the City and abide by a code of conduct;
5. Require all delivery platforms to provide workers with sanitation and disinfectant cleaning products;
6. Require all delivery platforms to provide customers and workers with a "non-contact" option that also ensures access to seniors and the disabled.

As businesses close as a result of the COVID-19 virus outbreak, grocery and drug stores will remain open. The grocery and drug store workers that keep business operations running and provide essential goods to the public, are doing so at great personal risk. These protections are essential not just for workers, but also for our communities. It is incumbent upon our elected leaders to enact policies that safeguard workers and the community health and safety during these times. The City of Los Angeles has the power to do it and must lead at this critical time.

In solidarity,

Eli Longnecker, Coordinator
Los Angeles Worker Center Network
