Comments for Public Posting: We need a robust eviction moratorium. No means testing no neo-liberal BS. This is the time for bold and drastic leadership. If you are not willing to step up to protect the people of Los Angeles then resign. All of us must sacrifice now, including your real estate and development donors. Do the right thing NOW!!!

Comments for Public Posting: Don't make people who's lives are falling apart fill out paperwork to prove they are getting hurt on their rent due to COVID. Of course it's COVID! That's why you incompetents are doing this at all! You would never help renters in this city otherwise, because you all like to make money. You are the landlords. Guess what? We aren't going to pay, because we 1) can't; 2) shouldn't have to in this time of crisis. My landlord RAISED my rent yesterday! Raised! My girlfriend got fired, and I got put on furlough, and will return to reduced hours. We would have a lot of trouble paying the original rent, not this new increase. Help me out. Help my neighbors in my building out. Just stop rent collections, and work it out with the landlord later. He'll be fine. He has a house.
