**Comments for Public Posting:** To whom this may concern: I am writing on behalf of all Park Rangers in the city of Los Angeles, I do agree they should all be armed for their own safety and safety of the community. My Grandson is a Park Ranger.He is now recovering from an injury he endured while confronting a dangerous criminal in the park while on duty. I think if he had a weapon,he could have kept the assailant at arms length while he called in for backup. I'm not only speaking for my Grandson,but for every man and woman on the Park Ranger force. As a citizen of Los Angeles and surrounding communities,I speak for everyone that needs to be protected while visiting our parks for recreation. A gun could be used as a deterrent,for people that do not follow rules of the park and especially for our Officers safety. Thank You for considering my request. Mrs. Dorothy Perea.....
