**Comments for Public Posting:** I am a concerned community member who frequents Hansen Dam as well as the rest of the foothills. I am in support of our Officers, all our Officers having all the necessary tools to do their jobs effectively. Loaded guns are paramount in today's society, that has deteriorated to a very dangerous level. The least the general public can do is support our brave men and women, our public servants, who put their life on the line daily for the rest of us. Not granting loaded weapons such as guns to our Rangers, is a bias towards gangs, drugs, criminality and the further destruction of AMERICA. In addition, as loaded guns are a deterrent for many criminals, the mere presence of such an item will encourage a higher ethical level for all community members. Sincerely,  
Zorro
