**Council File No:** 20-0190

**Comments for Public Posting:** I demand that Councilman Joe Buscaino's motion to arm park rangers be opposed. This motion puts unhoused individuals living in parks at severe risk. Please ensure that this motion is quashed and please create more efforts to protect rather than endanger unhoused individuals. Thank you.

**Comments for Public Posting:** I urge and request public officials NOT to arm park rangers in Los Angeles parks, as a resident of Los Angeles County and a frequent visitor to Griffith Park. Arming park rangers will create additional threats towards marginalized groups who want to just want to exist in these public spaces, which is the right of any person part of this community. These kinds of actions unproportionally threaten Black and Brown communities more than others. The concerns of the Neighborhood Council and Homeowners Association can be addressed with alternative forms of action that do not include firearm. Instead, divest the budget that will be used for this to fund programs to support the houseless community and organizations that can provide services for the community that addresses the concerns of the community.

**Comments for Public Posting:** There is NO REASON for a park ranger to be armed - councilman joe buscaino needs to take a back seat on this one and stop putting unhoused individuals living in parks at risk. this is america, gun violence is heavy and frequent here, people don't need more guns. instead, try to put some effort into providing services for the unhoused.

**Comments for Public Posting:** I am strongly against Councilman Joe Buscaino's attempt to pass a motion to arm park rangers. This puts unhoused individuals at great risk. It would be much more useful to train park rangers in social outreach. We do not need more guns in our city. Thank you.
