Comments for Public Posting: PLEASE dont do this. Medical masks are not available anywhere which means we are all using cloth face coverings. I have terrible allergies and asthma especially this time of year and it is incredibly difficult to breathe in the face coverings. The ONLY exercise i get right now as a poor person is going outside for a walk in my neighborhood. Please dont take that away from me because i cant breath in a cloth mask!!! I am perfectly capable of staying 6 feet apart when i am out walking.
