Comments for Public Posting: The livelihood of local businesses is already in jeopardy due to the widespread gentrification that has taken place in Los Angeles over the years. To place this cap would further the gap between residents trying to make ends meet and already wealthy companies. It is important to consider the communities this would affect most.

Comments for Public Posting: This pandemic has negatively impacted so many small businesses, including restaurants. So, I think it is very important to support them as well as delivery drivers during this time through delivery apps. In an effort to support these restaurants and drivers, please vote against the cap motion.

Comments for Public Posting: As a resident of Los Angeles, I want to support our restaurants and delivery drivers the best I possibly can. Smaller business need these delivery services in order to survive. Please vote against the rate cap motion in order to help those in need during this difficult time.

Comments for Public Posting: During this difficult time, helping smaller businesses stay afloat is extremely important for our economy. As the nation's unemployment rate increases daily, I would hate to see more people loose their jobs. In support of smaller business that rely on delivery services to keep their business open, please vote against the rate cap motion.

Comments for Public Posting: I do not want to see any restaurants go out of business in Los Angeles. There are whole communities that rely heavily on these restaurants and food delivery apps. Think about helping others and saving families, and please vote against the rate cap motion.

Comments for Public Posting: During the years that I have lived in Los Angeles, I have found the community owned businesses to have a major impact not just on my life but those around me. They have been very beneficial and I feel as though it would be extremely unfair to vote for the rate cap motion. I hope due to this and several other statements, you choose to rethink this idea and vote against the rate cap motion in support of these businesses.

Comments for Public Posting: In the midst of a pandemic, I would hate for restaurants to go out of business or delivery app drivers to lose their jobs. In support of smaller businesses that heavily rely on apps to maintain their customers and keep up with delivery orders, I ask that you please vote against this cap motion.

Comments for Public Posting: Restaurants and delivery apps are a staple to me and many people I know in the midst of this pandemic. As many members of my community deeply rely on these apps and restaurants for their income, I would hate to see them lose jobs and for their businesses to terminate permanently, which I believe could have extremely negative measures on many lives. Please vote against the rate cap motion and help the people who need the money from delivery apps in such trying times simply to get by.

Comments for Public Posting: As a member of the Los Angeles community, I do not think it is fair for restaurants or delivery workers to have to lose their jobs during this global pandemic. Many of these people are struggling to make ends meet, including my father who is a part of the restaurant business and has suffered financially. People are at their most vulnerable states during this time, thus, I urge you to vote against the rate cap motion and help your fellow Angelenos.

Comments for Public Posting: He vivido en el sur de Los Ángeles durante 30 años. Nunca me imaginé que la ciudad se pondría en contra de la entrega de alimentos a domicilio. ¿Cómo los concejales pueden hacer daño a la comunidad que representan a sus votantes? En primer lugar No tenemos suficientes opciones, ¿El Consejo es consciente de que gran parte del Sur LA es un desierto alimenticio? En estos momentos de emergencia no es el momento de experimentar con elementos esenciales como la comida y nuestras medicinas. Le exijo que vote en contra de la moción de límite de tasa. Otros ejemplos y Escoja algo que esté de acuerdo a su vida o ustedes agreguen algo que les afecta: Me harán daño porque Yo Utilizo estos servicios, ordenó comida para mis hijos y familia Mis medicinas me llegan a mi casa y así evito salir a contagiarme con covid 19 Muchos ancianos no pueden salir por sus comidas ni medicinas, especialmente ahora con la Pandemia Muchos padres que tienen 2 empleos es práctico ordenar comida Yo he trabajado en la industria de restaurantes y se el daño que les harán si los obligan a cerrar sus puertas.

Comments for Public Posting: During our current situation, small businesses are heavily impacted especially those in low-income communities. In these tough times, it is important to keep them in business with the help of delivery apps! I ask that that you vote against this cap motion, to ensure that these small businesses see through to the end of this pandemic.

Comments for Public Posting: Please vote against the cap motion, as we want to especially support restaurants and businesses during this time. The cap motion could harm them enough to go out of business, which is absolutely not what we want to do. Delivery apps and drivers are very necessary right now, and the cap motion could lead to immense job loss, when millions of people are already losing their jobs daily.
