Comments for Public Posting: I urge you to defund the police and allocate the funds to our communities- housing, education, healthcare, mental healthcare, etc. We need CARE not COPS. Instead of using the police as a catch-all, redistribute resources to specialized teams and programs. By meeting non-violent crimes with research-backed solutions, we prioritize community healing instead of punitive measures that perpetuate systemic racism. You have the power to invoke change and create a better future for our city of Los Angeles, our nation, and the world.

Comments for Public Posting: Adopt the People's Budget now!!!! No more bloated LAPD budget!!! We ask them to deal with problems they aren't trained for. Let's fund a department for trained mental health professionals who can be called to help a person in need instead of criminalizing their illness!!!!
