Comments for Public Posting: I am a resident of Los Angeles and I am writing to demand the defunding of the LAPD within the Mayor's Budget. I am also demanding Mayor Garcetti adopt the People's Budget. My demands for city council are as follows: Cut the LAPD budget. Follow through on the Motion to replace police officers with unarmed trained professionals for calls about unhoused individuals, mental health and substance use emergencies Cuts of the LAPD budget go towards immediate investment in: - Grassroots, community-led interventions to help underserved black and brown communities - Training for social workers/specialized services to replace police in non-violent situations - Affordable housing - Services for unhoused individuals Public health - Mental health services - Addiction treatment services Thank you very much.

Comments for Public Posting: I demand that you divest from the LAPD and move this funding toward community initiatives and human-centered services. When the LAPD has a proposed \$3 billion in funding and takes 54% of OUR LA budget, a cut of \$150 million is not nearly enough. We need to listen to our community and invest in their needs, not their demise.
