Hello, My name is Brooklyn Stone. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police. I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need. It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever. While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Hello,

My name is Maria Fernanda Chica.

I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police. I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need. It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever. While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,

Maria Fernanda Chica

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,

Hello,

During this time the LAPD across the cities are handling the situations horrible and scaring many people. Mainly oppressed groups still go to work and their minimum wage paying jobs and are being pulled over AT GUN POINT, because of "curfew" and are just trying to get to their jobs. THIS IS NOT RIGHT. LAPD literally creates more violence in our communities.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change

this, so do it.

Sincerely,

Hello,

My name is Cinthia Granadino, I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,  
Cinthia Granadino

Hello,

My name is Allison Russell, and while I am NOT a resident of Los Angeles County I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police. I am doing this because I truly believe our major US cities have the chance to set a precedent and say we will no longer tolerate injustice at the hands of our leadership and police, and as leadership stand with our people for what is right.

Hello,

My name is Frances Lebowitz. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,  
Frances Lebowitz

P.S. It's pathetic that some LA city accounts have blocked emails in order to stop citizens from telling you to do your job, something that we should never have to do. You better believe that someone will compile a list of politicians that listened and made changes during this time, and the ones who turned a blind eye while the blood pools in your hands. And when that list comes out, every corrupt politician on it will be voted out of office.

My name is Paul Heredia . I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,

Paul Heredia

Hello,

My name is Celeste I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,  
Celeste Snach

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,  
Ann Kim

Hello,

My name is Nydia Garcia. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,  
Nydia Garcia

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,  
Fabian Soltero

Hello,

My name is Alexandra Alonzo. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,  
Alexandra Alonzo

Hello,

My name is micaela martinez. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,  
Micaela Martinez

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it!!!!

Sincerely,  
Morgan Newton

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,  
Janelle Viste

Hello,

My name is Silas Ruesler. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

I am an EMT in Los Angeles county and these agencies are vitally important to giving Los Angelenos care they deserve. This is much more important than law enforcement.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles, obviously much more undocumented. It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,

Dear Mayor Garcetti and Council Members,

My name is Michelle Ultreras and I live in Valley Village. I want to start by saying I am a Mama and when George Floyd called out for his mama before he died it ripped my heart out. I know that inequality and injustice is all over this country, but I admit to feeling insulated from that by living in such a wonderfully diverse city as Los Angeles. I wasn't someone who was very active politically because I would think to myself I live in a very democrat city in a very blue state, but the protests this weekend have shown me how much work we have to do, even here. The use of tear gas, rubber bullets, and other force by our police on peaceful protesters is absolutely horrifying and must be immediately stopped. Tear gas is banned in war, it has no place on our streets.

I have friends who have confided in me horrifying interactions with police in this area. Things happened to them that would never happen to me as a white woman. I have been pulled over for minor infractions and it wouldn't occur to me to be afraid and yet I see fear in my friends' eyes whenever police are near.

I wanted to find ways I could help end Police Violence. I found Campaign Zero with their 8 Can't Wait campaign. I was glad to see that in LA we have some of their policies in place, but we still have a ways to go. I ask that you enact the following policies:

1. Require warning before police shoot.
2. Require police to exhaust all alternatives before shooting.
3. Require all force to be reported.

Beyond these policy measures, I ask that you fire Police Chief Moore for his horrifyingly, heavy handed response this weekend.

Thank you very much for your time,  
Michelle Ultreras

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,  
Rika Yano

Hello Mayor Garcetti,

My name is Mara Maxfield. I am a resident of Los Angeles County (Granada Hills) and I have been honored to have you join us for Jewish holidays at IKAR. I have been honored to call you my Mayor in times of need like last fall when we were hit hard with wildfires. And I have been praising your action during this pandemic.

But today I am emailing you to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services and education funds for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. And our public SCHOOLS in LAUSD need so much help financially that right now we run the risk of not being able to give our children the education they deserve! Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,  
Mara Maxfield

Hello,

My name is Victoria Wilson. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police. This money comes from our pockets and I do not want to see my money being used to continue to oppress young black and brown men and woman. We are tired of our community putting more money towards weapons and more police on the streets we don't need more police it ain't solving anything and you all know this. You are just locking up men and woman from their families, people dye in cages, they do not get better. Please put our money into known programs that help people like SCHOOLS! People want a purpose they want to do good don't sit there and act like these brothers and sisters want to be on the streets selling drugs and doin nothing, they have nothing because our society have them nothing!

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

You are no better than me and I am no better than a man living on the street, we were all born from a womb we were all babies and we all grew up in different circumstances to get us here.

Hello,

My name is Lena Kesden and I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,

Hello, My name is Jamie Lopez. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police. I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need. It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined. Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it. Sincerely, Jamie Lopez

Hello,

My name is Elizabeth Litvitskiy. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

**I was listening to the City Council Meeting this morning and heard as countless people called in with the same request: to defund the police and adopt the [PeoplesBudgetLA.com](https://PeoplesBudgetLA.com)**

**Council President Martinez is now suggesting seeking \$100-150 M in cuts. A start, but not nearly enough as this just barely addresses the \$120 M INCREASE in police funds for this budget. Much larger cuts need to be made and it needs to be clear to us that the funds are redirected toward the social services we desperately need.**

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

**While LAPD has more funding than it knows what to do with (besides of course paying overtime to officers violently accosting peaceful protestors), and the Sheriff's Office requests funding for more body camera which ARE PROVEN NOT TO DIMINISH POLICE VIOLENCE, there are communities who desperately need funding and every day they don't receive it their quality of life worsens.**

Thousands have died who did not need to. You have the ability to change this, so do it.

Hello,

My name is Chris S. I am a resident of LA and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,  
[your name]

Hello,

My name is Alyson Comingore and I am a resident of Los Angeles County. I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,  
Alyson Comingore

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,  
Liliana

Hello,

My name is Daniella Zappacosta I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,  
Daniella Zappacosta

Hello,

My name is Celeste Thomas. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,  
Celeste Thomas

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,

Hello,

My name is Meredith Reed. I live in Beverly Hills, in a condo that I own and pay property taxes on. In the past week, my building has been repeatedly vandalized by citizens, with multiple break in attempts. These citizens are angry that the LAPD is carelessly harming peaceful protestors and using violent force to prevent them from exercising their first amendment rights to peacefully protest. **We are not safe on Burton Way. We are not safe anywhere in the city. This cannot continue.** The police need to demilitarize the police throughout the city immediately, as they are creating an unsafe environment for citizens. The police are there to protect and serve the citizens, not to harm them.

Moreover, Chief Moore should be **fired** for his thoughtless comments in this week's press conference blaming the murder of George Floyd on Los Angeles' looters. These comments were embarrassing and disgraceful. Those who are appointed to protect and serve our city should not be so hateful and careless in their words, whether in private or public. **Fire Chief Moore, who is clearly unfit to serve in his current role.**

As a concerned resident of Los Angeles County and I am emailing to **demand the restructuring of the Los Angeles city budget**, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I beg of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and **reallocate funds to directly benefit those in need.**

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

There are communities who desperately need funding. Thousands have died who did not need to. You have the ability to change this, so please, please do it. Let's make Los Angeles a safe place for all of its residents. Please give our citizens the resources they need.

Sincerely,  
Meredith Reed

Hello,

My name is Sophia Madrid. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,  
Sophia Madrid

ADDITIONALLY, the Sheriff's department is awarded over 2 billion dollars from the county in the proposed budget for the 2020-2021 period. Over 1 billion dollars are awarded as flexible costs to the Sheriff's Office, yet services GUARANTEEING human WELFARE are given a tiny fraction of that amount, around 50 million in the same category. With the understanding of the changing situation of COVID-19, I want to know why the solution provided by both YOUR city government and the county were REACTIONARY and not preventative. Your influence over the county is remarkable and it's essential that you call for these changes in the county as a whole. I BEG you to have mercy in your heart as a human being and not wait for human suffering to continue before you act.

Matthew Lioe

Hello,

My name is Jamie. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,  
Jamie Bartolome

Hello,

My name is Ashly Ruiz. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,  
Ashly Ruiz

Hello,

My name is Brett Sarem. I am a resident of Los Angeles County and I am emailing to request the restructuring of the Los Angeles city budget. Please drastically minimize spending on Police and prioritize that money to social services for communities.

I would like the mayor, controller, and all city council members to prove their love and dedication to ALL Angelenos and reallocate funds to directly benefit those in need.

It is absurd and disgusting that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is needed now more than ever. There are 58,936 DOCUMENTED homeless people in Los Angeles. That is one of the worse homeless marks in the country. There are too many healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment as a result of COVID-19.

While LAPD has more funding than it knows what to do with, there are underprivileged communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands of unnecessary deaths have occurred in our beautiful city, and you have the power to improve this going forward. For the love of the city, please take action.

Sincerely,  
Brett Sarem

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,  
Jesse Zavala

Hello,

My name is [insert name]. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,  
[your name]

My name is Krystal Munoz. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,  
Krystal Munoz

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,

Hello,

My name is Nicole Nomura. I am a resident of Ventura County and am shaken at the lack of human compassion and correct action we are all witnessing from the LAPD.

I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

Sincerely,  
Nicole Nomura

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,

Hello,

My name is Karla Escobedo. I am a resident of Los Angeles County and a student at the University of California, Los Angeles and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of mayor Eric Garcetti, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at **\$1,857,330,549**, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency **COMBINED**. I ask you, do you truly believe that extra investment on police will make citizens of color like myself feel safe when I see and have experienced the brutal acts committed by the LAPD? It is inhumane that you and your committee believe that the same body that perpetuates systematic oppression is deserving of funds as opposed to public programs, affordable housing, school programs, mental health programs, among others that would in fact support those who **YOU and those around you** have neglected for years.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 **DOCUMENTED** houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

**WE, THE PEOPLE YOU SERVE, DEMAND YOU TO DEFUND THE POLICE AND ADOPT THE PEOPLE'S BUDGET.**

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,  
Edgar Bermudez

Hello,

My name is Brenda Guzman I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,  
BrendaG.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,  
Monica Flores

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,

Hello,

My name is Kristen. I'm a resident of Los Angeles County and I'm emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

There are communities who desperately need funding and every day that they don't receive it, their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,  
Kristen Kovach

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,  
Sierra Pall

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,

Hello,

My name is Sonia Mosqueda. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,  
Sonia Mosqueda

Hello,

My name is Madison Moore. I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,  
Madison Moore

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Best,

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,

Armen Gendjian

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,

Hello,

My name is Grace Dickerson. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police. The California public school system has been a national joke for decades, yet militarizing the police and estranging them from their community is being prioritize.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need. As a political science student at USC, I admired Mayor Garcetti and had high hopes for him. I supported him for years but now I realize he has just been using fake compassion to get the black vote. Shame on him and shame on the city. The local government of LA has become a national joke. It is no longer a government I ever want to work for, consult for, or contribute to. He is betraying Los Angeles and will go down in the history books on the wrong side of history. The national community is starting to see him for the selfish, uncompassionate, whitepassing traitor and privileged man he is. He's betrayed the entire black and brown community. It's just sad that his decisions will not only endanger our lives in the future but his own child's who has to bare the consequences of their father's racist budget. I'm just grateful this will kill his political career immediately.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. The homeless epidemic has already put LA in the global spotlight for suspicious financial decisions. Thousands have died who did not need to. You have the ability to change this, so do it. I implore you to do the right thing. It can feel hard but at least you'll be able to sleep at night knowing you aren't a part of the cause of the systemic murder of people of color.

Sincerely,  
Grace Dickerson

Hello,

My name is James Cortes. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,  
James Cortes

Hello,

My name is Joel Clark. This email is a demand for the restructuring of the Los Angeles city budget.

I would like to start by saying that I understand the initial reasoning for the size of the police budget; public safety is important. However, we're seeing time and time again that throwing money at police forces creates fear, distrust, and divides between the communities and the police.

Show us that you care about the communities by slashing the police budget. Bring it down to 20% or lower, and place that money in programs to build the community back up. Any other action will tell us that you care more about suppression than you do about protection.

We need to be building trust. The response to the protests has been horrendous. The first, most important step for LA county is to slash that police budget.

The second step is to clear any non-violent non-destructive charges for any protestors. I'm watching the police gather up my friends for exercising their first amendment rights, and placing permanent charges on their records.

I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,  
Joel Clark

My name is Adrian Estrada. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,  
Adrian Estrada

My name is Abby Schulman. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,  
Abby Schulman

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,

Hello,

My name is John Roiniotis. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,  
Luis Torres

Hello,

My name is Riley Watson. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,

Hello, My name is Rosanna. I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police. I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need. It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever. While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it. Sincerely, Rosanna

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,

Hello,

My name is Elizabeth Gomez. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined. The level of funding and power given to the Los Angeles Police Department is disgusting, horrifying, and downright absurd.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

Students in Los Angeles with special needs are also suffering due to having to work from home without the support of their teachers and other classmates. There are countless schools in Los Angeles County that are suffering from a lack of funds for everything from new textbooks and better food to air conditioning and properly filtered water fountains.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,

Hello,

My name is Richard I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,  
[your name]

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,  
Adrian Collazo

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,

I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police. It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,

My name is Mia Nguyen. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

Hello,

My name is Julian Bridges. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,  
Julian Bridges

Hello,

My name is Maggie Caroddo. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,  
Maggie Caroddo

Hello,

My name is Daisy Brambila. I am a resident of Westwood, CA and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police. As an incoming medical student, I am ashamed to live in a community that prioritizes weapons and murder over our health and well-being.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.
