ASSESSMENT INFORMATION

The proposed assessment described in this Notice is new and, if approved, will appear on your property tax bill. Proposition 218, the "Right to Vote on Taxes Act", was approved on the November 1996 statewide ballot, and added Article XIID to the California Constitution. It requires that a parcel's assessment may not exceed the reasonable cost for the proportional special benefit conferred on that parcel. Article XIID provides that only special benefits are assessable and the City must separate the general benefits from the special benefits. It also requires that publicly owned properties, which benefit from the improvements, be assessed.

1. **Proposed Annual Assessment (Your Property):** \$325.40 for FY 2019-20. *
2. **Proposed Annual Assessment (Entire District):** \$23,678.81 for FY 2019-20.
3. **Duration of the Proposed Assessment:** Annually on your Property Tax Bill.
4. **Reason for the Assessment:** To pay for the cost of operating, servicing and maintaining local street lighting. These costs include, but are not limited to electricity, lamps, fixtures, poles, wires, repair crews and vehicles and other items necessary to operate streetlights in the City of Los Angeles.
5. **Balloting Results:** The District will be formed and the assessment in the amount listed on the enclosed ballot will be imposed unless a majority of the ballots are returned opposing the assessment. Ballots are weighted proportionally by each parcel's assessment amount. (\$1 = 1 vote.)

Proposed Assessment Calculation

The process of determining maintenance assessments for each parcel is based on evaluating three areas relative to the amount of special benefit received. These include the size of the property, the land use, and the type of street lighting system(s) benefiting the property. These factors are evaluated for your property to determine your annual assessment. For more detailed information regarding assessment calculations, please visit us at: www.lacity.org/bsl
