

MOTION

I THEREFORE MOVE that CF #09-0600-S46, the proposed Special Events Fee Subsidy Policy, be AMENDED to instruct the CLA and Bureau of Street Service to report back to Council within 30 days with the following information:

- * A list of every Certified Farmers' Market in the City and a full accounting of what City staff costs are associated with their operations.
- * A report on the feasibility of offering Certified Farmers' Markets a single, annual permit for events that take place on the same time and place each week, rather than issuing separate permits for each week of operation at a cost of \$528 per permit (\$27,456 a year).
- * A proposed list, formed with input from all the associated Council offices, of which markets can be treated like a block party where no expenses are charged, and which should qualify as Citywide events, where residents from three or more Council districts attend and up to half the cost can be subsidized.

I FURTHER MOVE that the City Attorney be instructed to prepare any revisions to the proposed Special Events Fee Subsidy Policy ordinance that are necessary to allow local Council offices to subsidize the remaining costs for Citywide Farmers' Markets using their local special event fee subsidy funds, similar to current rules for local ones.
