Dear Mr. Lid:

I am the Chair of the Westwood Community Council, which represents the more than 140,000 stakeholders who live, work, own property, own a business, or participate in a substantial way in a business, organization or educational institution located in the Westwood community (bounded by Sunset Boulevard on the north, Santa Monica Boulevard on the south, the Beverly Hills City border on the east, and the 405 freeway on the west).

I am writing to inform you that on Tuesday, April 13, 2010 our Council voted unanimously to pass the following resolution on the subject of Cellular Telecommunication Towers:

*"The Westwood Community Council respectfully recommends, with the City Attorney's guidance and consistent with his recommendations, that the City enact a comprehensive new ordinance with clear and consistent standards and procedures regulating all wireless telecommunications facilities in the City, authorizing regulation of aesthetics and providing protection to communities, residential neighborhoods, as well as commercially zoned areas, to the full extent of the law. The Westwood Community Council recommends further that a moratorium be immediately imposed in the installation of any such wireless telecommunication facilities, anywhere in the public right of way, until such time as the City enacts such a new ordinance."*

I respectfully request that you please forward this information of our Council's action on Cell Towers to the members of the Public Works Committee, add kindly add this resolution to the Council File on this subject, CF 09-2645.

If you have any questions, please do not hesitate to contact me.

Best regards,

For the WESTWOOD COMMUNITY COUNCIL

**STEVEN SANN**
