report as follows:

TRANSPORTATION and PLANNING AND LAND USE MANAGEMENT COMMITTEES JOINT REPORT relative to requesting quarterly status reports on the implementation of the 2010 Bike Plan.

Recommendation for Council action, as initiated by Motion (Koretz – Garcetti):

DIRECT the Planning and Police Departments and the Departments of Transportation and Public Works to report back to the Transportation committee on a quarterly basis starting in no more than 90 days with a status report on the 2010 Bike Plan; said reports to include: Bike Plan implementation progress and status, and updates on route prioritization, program funding, bikeway connectivity, community input, and interdepartmental coordination.

Fiscal Impact Statement: None submitted. Neither the City Administrative Officer nor the Chief Legislative Analyst has completed a financial analysis of this report.

Community Impact Statement: None submitted.

SUMMARY

On September 8, 2010, Council considered Motion (Koretz – Garcetti) requesting quarterly status reports on the implementation of the 2010 Bike Plan. Motion states that the 2010 Plan designates 1,633 miles of Citywide Bikeways and creates a blueprint for the development, within 20 years, of a comprehensive and integrated pair of bicycle networks using designated city streets and bicycle paths that provide continuous north/south and east/west bicycle access across the entire City. City planners have set a goal of building 200 miles of cycling network every five years. Motion recommends that participating City departments report to the Transportation Committee on a quarterly basis to provide updates of the Bike Plan's implementation. Council referred Motion to the Transportation Committee for consideration.

At their joint meeting held February 9, 2011, the Transportation and Planning and Land Use Management Committees recommended that Council approve Motion's recommendation, as amended to include the Police Department as a contributor to the quarterly reports.

Respectfully submitted,
