SUMMARY

At its regular meeting held on May 21, 2014, the Public Works and Gang Reduction Committee considered the recommendations of the City Engineer as contained in its April 15, 2014 report. The City Engineer reports that the area sought to be vacated is the alley south of Washington Boulevard from Second Avenue to approximately 142 feet easterly thereof (a map of the area is included as Exhibit A in the April 15, 2014 City Engineer report, attached to the Council file). The purpose of the vacation request, together with the vacation requests under Council file Nos. 11-0091 and 11-0090, is to consolidate the vacation area with the adjoining properties for the construction of Central Regional Elementary School No. 13. This vacation procedure is being processed under procedures established by Council on March 5, 2002 as detailed in Council file No. 01-1459.

After having provided an opportunity for public comment, the Committee moved to recommend approval of the recommendations as contained in said City Engineer report. This matter is now submitted to Council for its consideration.
