Summary:

On June 28, 2017, your Committee considered a May 23, 2017 City Attorney report and Ordinance dated May 22, 2017 relative to authorizing the DPW to use the competitive sealed proposal selection process and construction manager/general contractor project delivery method for the Los Angeles Streetcar Project consistent with Charter Section 371. According to the City Attorney, it has prepared and is transmitting an Ordinance, approved as to form and legality. The Ordinance would authorize the DPW to use the competitive sealed proposal selection process and the CMGC project delivery method for the Los Angeles Streetcar Project (Project) consistent with City Charter Section 371. The Project includes the design and construction of a modern, fixed-rail streetcar system intended to improve connections in the downtown Los Angeles transit network, address first-mile/last-mile difficulties, provide people with an alternative to traffic and parking, and revitalize downtown areas.

After consideration and having provided an opportunity for public comment, the Committee moved to recommend approval of the Ordinance as detailed in the May 23, 2017 City Attorney report and in the above recommendation. This matter is now submitted to Council for its consideration.

Respectfully Submitted,

TRANSPORTATION COMMITTEE
