TRANSPORTATION

MOTION

SEP 18 2012

The Department of Cultural Affairs currently operates the City-owned Croatian Cultural Center in San Pedro and currently holds an agreement with the non-profit organization that offers a variety of programs for the community's participation and enjoyment.

The facility and adjacent parking lot are currently under the control of the Department of Cultural Affairs, which developed an agreement with the Croatian Cultural Center for the operation of the facility. The adjacent parking lot was previously used exclusively by the Center, but has recently become open to the public for general off-street parking purposes. For efficiency reasons, it is more appropriate for the Department of Transportation to take over management/control, as well as enforcement of parking in this lot, as opposed to the Department of Cultural Affairs.

I THEREFORE MOVE that the Council instruct the Los Angeles Department of Transportation to report relative to taking over management of the Croatian Cultural Center parking lot to ensure that the lot is made available to Cultural Center patrons as well as the general public.
