Chair Albert Olson: Report on the notice from City Attorney's Office (Darren Martinez) regarding Government Code 1090's stipulation that Board members cannot be paid for services by their own Neighborhood Council. He read the following statement from the LA City attorney:

"Neighborhood Councils are required to adhere to Government Code section 1090 (Section 1090). Under Section 1090, Neighborhood Council board members are prohibited from having a financial interest in any contract entered by their board. (Contracts include the expenditure by the board of its public funds to purchase goods and services.) Generally, this means that board members cannot be paid for services by their own Neighborhood Council.

Under Section 1090, a person's financial interests is categorized into different types of interests. There are "full interests," "remote interests" and "non-interests." A person who is the owner of a business has a "full financial interest" in their business. If there is a "full financial interest," then the entire board of the Neighborhood Council is prohibited from entering into the contract/transaction/financial expenditure. I have attached a handout regarding Section 1090 entitled "Conflicts of Interest in Public Contracting" for your review, which explains this law in further detail. In addition, I've

attached a handout that contains conflict of interest examples - specifically, see question number 1 and its answer. If you or your board have any further questions, please feel free to contact our Office.

Last, please note that we have had several recent changes in our Division and I am pleased to announce the addition of several staff attorneys. The regional attorney who will be assigned to advise your Neighborhood Council is Mr. Anthony Paul Diaz (AP). I've copied Mr. Diaz on this email so that you have his email address and his contact number is (213) 978-8132. Please feel free to contact Mr. Diaz in the future regarding any legal questions regarding your board's operations."

**POLICY MOTION: Ban of Plastic Bag Issuance by Retail Establishments in Los Angeles**

**Dear Mayor Villaraigosa, Councilmember Rosendahl, and City Councilmembers:**

**Acknowledging the November 16, 2010, passage of the Los Angeles County Board of Supervisor's ban on plastic bags and the Environmental Impact Report which legally supports it, and, in lockstep with the Clean Seas Coalition (7th Generation Advisors, Heal the Bay, Sierra Club, Surfrider Foundation, et al), we want to convey Mar Vista Community Council's support for a citywide ban on plastic bags.**

**Recognizing the importance of being good stewards of nearby Ballona Creek, the Ballona Wetlands, Santa Monica Bay and the oceans beyond, the Mar Vista Community Council has long supported efforts to clean up and improve waterways that affect our Southern California communities and our beaches which are so vital to our tourism industry.**

**According to the Los Angeles Times, Californians use more than 120,000 tons of the bags each year and, despite efforts to increase it, only 5% are actually recycled. Taxpayers therefore end up paying close to \$25 million a year to rid streets, beaches, parks and waterways of the bags. A ban will help save city and state monies in troubled economic times and conserve important natural resources which could be put to a more beneficial use.**

**A city-wide ban on plastic bags, identical to the County ban, would take us a giant step in the right direction. The Mar Vista Community Council looks forward to your swift action on this matter.**

Maritza asks what the ban would cover.

Chuck Ray commented on paper bag pollution.

Bill Koontz commented in support of the motion.

Alex Thompson commented in support of the motion.

Geoffrey Forgione commented in support of the motion.

Albert Olson commented that he counted 18 reusable bags in his house. He also commented that he believes it's not a NC's place to pass a motion like this.

Andy Shrader commented about paper bags: 100% recycled paper, 40% post-consumer recycled paper and allows stores to charge 10 cents per bag. Recycling doesn't work.

Sherri Akers commented about paper bags. China has banned plastic bags.

**Motion passed. 8 for, 1 opposed (Chuck Ray), 1 abstention (Bill Scheduling).**

*Education, Arts and Culture:*

**Funding Motion: The MVCC approves funding of up to \$1500 for the 2011 Education Summit tentatively slated for March or April 2011 (to cover outreach, fees, equipment, space, and related costs).
