Update to a Previous Input: No

Directed To: City Council and Committees

Council File Number: 11-1705

Agenda Date: 08/01/2019

Item Number: IX. A. 2.

Summary: he Granada Hills South Neighborhood Council Board fully supports Version B+ of the proposed Sign Ordinance as approved by City Planning commission on October 22, 2015 that:

- Disapproves any amnesty for existing billboards that lack permits or have been altered in violation of their permits.
- Disapproves the “grandfathering” of any sign districts that weren’t approved or applied for in April, 2009, when the CPC approved the initial version of the new sign ordinance.
- Restricts any new off-site signs, including digital billboards, to sign districts in 22 areas zoned for high-intensity commercial use.
- Requires existing billboards to be taken down before any new off-site signs can go up in sign districts. The takedown ratio of existing signs to new signs would be 5 to 1 for conventional and 10 to 1 for digital.
- Sets administrative civil penalties for sign violators that will act as a real deterrent to illegal billboards and other signage.
- Prohibits off-site signage in city parks and recreation facilities. Furthermore, we strongly oppose the placement of any new digital/electronic or static billboards outside of Sign Districts.
