---

### SUMMARY

The Los Angeles Police Department (LAPD) requests approval to accept a \$393,799 grant award from the Los Angeles County Probation Department for the 2014-15 Juvenile Justice Crime Prevention Act program for the period of July 1, 2014 through June 30, 2015. No direct matching funds are required to accept the grant.

The Juvenile Justice Crime Prevention Act (JJCPA) grant is a state grant administered by the Los Angeles County Probation Department (LACPD) to provide prevention and intervention programs for at-risk youth and their families who reside in recipient jurisdictional boundaries and attend school in identified School District Service Areas. The grant, which has been awarded annually to the City since 2001, assists the LAPD in implementation of its High Risk/High Need and Safe Passages/Safe Zones programs that focus on curtailing juvenile delinquency through prevention and intervention services. The Safe Passages/Safe Zones program aims to allow students and their families to safely engage in daily activities including attending school and obtaining community services in or in close proximity to schools, parks and housing projects that are designated JJCPA sites. The High Risk/High Need program provides increased supervision to youth who are transitioning from probation camps to the community. LAPD responsibilities as part of these programs include enhanced patrol services, probation check-ins to offer assistance and community partner service referrals, monitoring gang activity and violations, and conducting truancy and curfew sweeps in coordination with the LACPD. Some of these activities include the involvement of youths from the LAPD Cadet Program, who work with officers in JJCPA sites and other youth to benefit the communities they reside in.

The 2014-15 JJCPA grant provides funding for overtime for existing LAPD personnel, uniforms for Cadet Program participants, and office equipment and supplies. The \$393,799 in funds will be allocated as follows:

<u>Category</u>	<u>Amount</u>
Sworn Overtime	\$ 343,799
Civilian Overtime	15,000
Cadet Program Uniforms	25,000
Cadet Program Equipment & Supplies	10,000
<b>Total</b>	<b>\$ 393,799</b>

The LAPD will front-fund the overtime, expenses and equipment throughout the grant term and will reimburse its accounts for program expenditures upon receipt of grant reimbursements from the LACPD. Acceptance of the grant does not require a direct match of funds.

## RECOMMENDATIONS

### FISCAL IMPACT STATEMENT

## DISCUSSION

The LAPD has been participating in the JJCPA program since Fiscal Year 2001. It is administered by the LACPD and is a collaborative effort between public agencies and community-based organizations to serve the needs of potentially "at risk" youth. The main goal of the program is to provide prevention and intervention services to youth and their families.

The LACPD has selected the LAPD to participate for the eleventh year in the 2014/15 JJCPA program, providing \$393,799 in funding through the attached MOU for the period of July 1, 2014 to June 30, 2015. The LAPD will continue to provide appropriate services to the JJCPA program based on crime patterns and emerging crime trends to enhance the quality of life for youth and their families.

The LAPD will utilize \$358,799 of the \$393,799 funding to provide overtime to its Bureaus and the Cadet Program. The funding will allow the LAPD to continue its implementation of the "High Risk/High Need" and "Safe Passages/Safe Zones" programs, which are expected to reduce juvenile delinquency and crime. These programs aspire to maintain "Safe Passages/Safe Zones" in and around JJCPA sites for youth and their families to safely engage in daily activities, including attending school, and obtaining services from partnering agencies and community organizations. In addition, the LAPD will collaborate with the Los Angeles Unified School District to quell student conflict and unrest when they occur on JJCPA designated school campuses.

The LAPD will continue to provide enhanced patrol services in and around JJCPA sites, working with the community to identify and address problems of crime and disorder. Through directed patrol efforts, the LAPD will strive to deter gang members and others from engaging in criminal

activities, while providing a sense of safety to youth and their families. In an effort to provide increased supervision to "High Risk/High Need" youth who are transitioning from probation camps to the community, the LACPD and the LAPD will continue working together to provide them with guidance and direction. Special attention will be given to those "High Risk/High Need" youth who have not met, or will be in jeopardy of not meeting, their probation reporting requirements. Once the LACPD identifies the "High Risk/High Need" youth, they will work with the LAPD to conduct probation checks at the residences of youth in an effort to offer assistance and referrals for services from community partners. This approach, which attempts to be minimally intrusive, is intended to remind youth that someone cares and to ensure that they are not relapsing into old behavioral patterns. Borrowing from multi-systemic therapy, the attempt is to engage and empower family members who may not be aware of or may not know how to go about seeking services to assist their youth in making positive changes.

The LAPD has allocated the remaining \$35,000 in grant funds to the Cadet Program. Specifically, the LAPD will expend \$25,000 for the purchase of uniforms and \$10,000 for the purchase and/or lease of equipment and/or supplies, including food, and to obtain services from City approved vendors through the Department of General Services for the Cadet Program.

If you have any questions regarding this matter, please contact Chief Information Officer Maggie Goodrich, Commanding Officer, Information Technology Bureau, at (213) 486-0370.

Respectfully,

CHARLIE BECK

**I. PURPOSE**

The purpose of this MOA is to provide services to the JJCPA Program through implementation of the HR/HN and SP/SZ Programs. The HR/HN and SP/SZ Programs are aimed at reducing juvenile delinquency and crime as well as curtailing gang activity, gun violence and crime in areas that are in close proximity to schools, parks and housing developments.

These funds will be utilized by LAPD to implement the HR/HN and SP/SZ programs as detailed in the Budget (Attachment A).

**IV. PROBATION RESPONSIBILITIES**

Probation agrees, as resources allow, through the efforts of the Camp Community Transition Program, the Gang Unit, and School-Based Deputy Probation Officer IIs (DPO IIs), to provide any of the following services when appropriate:

- Make referrals to LAPD and track youth who have been referred and accepted into the LAPD'S HR/HN and SP/SZ Programs if they attend middle schools or high schools with an assigned Deputy Probation Officer (DPO);
- Attend monthly meetings of the partners of the JJCPA Collaborative;
- Coordinate efforts with LAPD to provide increased supervision to HR/HN youths transitioning from the camp to the community that have not met or will be in jeopardy of meeting the probation reporting requirements. They may perform "probation checks" at the homes of youths who are on probation as part of their effort to provide increased supervision. In an effort to facilitate the "probation checks", Probation will provide the names and contact information of juvenile probationers who reside within the City of Los Angeles. The "probation checks" are intended to ensure that youths being serviced by Probation are meeting the provisions of state and federal laws governing juvenile probationers;

- Coordinate efforts with the LAPD to conduct curfew sweeps and truancy recovery operations for the HR/HN population, assessing and addressing issues pertaining to the following risk factors: school truancy, negative peer associations, and substance abuse; and
- Coordinate with LAPD to provide additional presence at designated JJCPA sites based on LAPD'S evaluation of existing crime patterns and emerging crime trends.

#### V. LAPD RESPONSIBILITIES

LAPD will select the sites to deploy resources based on existing crime patterns and emerging crime trends.   - LAPD will make every effort to coordinate the curfew and truancy sweeps with Probation to ensure that a DPO II will be present to assist in identifying youths who may require JJCPA services. During the operation of the joint task force, LAPD will transport detained curfew and truancy violators to a pre-designated location for processing and assessment by Probation staff. Probation personnel will subsequently meet with the detained juvenile(s) and their respective parent(s) to provide intervention services;
- Direct gang suppression efforts in support of this program by monitoring the activities of local gangs for crime, parole/probation or injunction violations, or narcotic and weapons violations, impacting violent crimes that result each year from the combination of gang activity and narcotic sales;

- Provide follow-up services to victims of violent crimes, gang shootings, murders and narcotic sales in the vicinity of designated parks, street corners and/or other places frequented by gang members and juveniles in the targeted high crime/high need areas;
- Incorporate ABC and narcotic enforcement operations into prevention/intervention efforts by targeting and identifying licensees who illegally sell alcoholic beverages to minors, and by focusing on the sale and trafficking of illegal drugs at locations where juveniles assemble, hang around and/or patronize;
- Carry on operational activities and follow-up services to identify those responsible for gun trafficking, illegal weapons sales, and for perpetrating drive-by-shootings, in an effort to reduce drive-by-shootings and to stem gun violence around designated schools, parks and housing projects; and
- Attend monthly meetings of the partners of the JJCPA Collaborative.

### PROJECT PLAN

#### Los Angeles Police Department's Juvenile Justice Crime Prevention Act (JJCPA) Programs

The LAPD intends to continue building upon the success of its last year's Programs by implementing the "High Risk/High Need" and "Safe Passages/Safe Zones" Programs, which are expected to reduce juvenile delinquency and crime. These Programs aim to maintain "Safe Passages/Safe Zones" in and around Juvenile Justice Crime Prevention Act (JJCPA) sites for youth and their families to safely engage in every day life activities, including attending school and obtaining services from partner agencies and community organizations.

To enhance the quality of life for youths and their families, the LAPD will provide appropriate services to the JJCPA Program based on existing crime patterns and emerging crime trends. It will focus on curtailing gang activity, gun violence, narcotic sales, and other criminal activity in and the proximity of schools, parks and housing projects that are designated JJCPA sites. (See attached map). In addition, it will collaborate with the Los Angeles Unified School District (LAUSD) to quell student conflict and unrest when they occur on JJCPA-designated school campuses.

The LAPD will continue to provide enhanced patrol services, working with the community to identify and address problems of crime and disorder. Through directed patrol efforts, it will strive to deter gang members and others from engaging in criminal activities, while providing a sense of safety to youths and their families.

In an effort to provide increased supervision to "High Risk/High Need" youths who are transitioning from probation camps to the community, the Probation Department and the LAPD will work collaboratively to provide these youths with guidance and direction. Special attention will be given to those "High Risk/High Need" youths that have not met, or will be in jeopardy of meeting their probation reporting requirements. To better assist the LAPD, the Probation Department will provide spreadsheets identifying youths on probation by their residential zip codes. Once the Probation Department identifies the "High Risk/High Need" youths, it will work with the LAPD to conduct "probation knocks" at the homes of youths in an effort to offer assistance and referrals for services from community partners. The approach is intended to remind youths that someone cares, and ensure that they are not relapsing into old behavioral patterns. Borrowing from multi-systemic therapy, it also aspires to engage and empower family members who may not be aware of or may not know how to go about seeking services to assist youths in making positive changes.

As part of its gang suppression efforts, the LAPD will continue to monitor the activities of local gangs for parole/probation, injunction, narcotic and weapons violations. It will enforce outstanding warrants against gang members. In addition, the LAPD will respond

to gang shootings in and around JJCPA sites and provide follow-up services, ensuring that reprisals do not occur.

Recognizing that prevention is key to cutting down on crime, the LAPD will conduct truancy and curfew sweeps to identify youths in an effort to reduce crime and identify potentially "at-Risk" youths. Typically, the LAPD conducts truancy and curfew sweeps throughout the year when circumstances necessitate it. However, the LAPD will make every effort to coordinate the curfew and truancy sweeps with the Department of Probation to ensure that a Deputy Probation Officer (DPO) will be present to assist in identifying youths who may require JJCPA services. During the operation of the joint taskforces, the LAPD will transport detained curfew and truancy violators to a pre-designated location for processing and assessment by Probation Department staff. The Probation Department personnel will subsequently meet with the detained juvenile(s) and their respective parent(s) to provide intervention services, which may include a referral to the LAPD's youth intervention programs.
