M O T I O N

The Street Furniture Revenue Fund provides funds for transit related projects, sidewalk projects, curb / sidewalk improvements, beautification projects needed to improve conditions for public transit patrons, and all expenses relating or incidental thereto, as well as on general services to the community in each Council District.

There is a great need to have the ability to change the music which members of the public hear when they are placed on hold after they have called 311 and other City call centers. This capability requires payment of a license fee to the American Society of Composers, Authors and Publishers (ASCAP). This effort is of special benefit for the residents of the City and for Council District 4 and deserves financial assistance from the City.

Sufficient funds are available in the Council District 4 portion of the Street Furniture Revenue Fund which could appropriately be transferred to the Information Technology Agency for this purpose.

I THEREFORE MOVE that \$2,000 from the Council District 4 portion of the Street Furniture Revenue Fund No. 43D, Department 50 be transferred/appropriated to the Information Technology Fund No. 100-32, Account No. 6010 (Office & Administrative Expense) in order to pay for a license fee to the American Society of Composers, Authors and Publishers (ASCAP) so that the City may have the ability change the music which members of the public hear when they are placed on hold after they have called 311 and other City call centers.

I FURTHER MOVE that the Information Technology Agency be authorized to make clarifications or corrections to the above instructions as may be necessary to implement the intent of this Motion.
