Summary:

At the public hearing held on June 18, 2013 (continued from previous meetings), the Planning and Land Use Management Committee considered appeals filed regarding the Vesting Tentative Tract Map for property at 6205-6219 De Soto Avenue, Woodland Hills, 91367. Staff from Department of City Planning and City Attorney's Office gave the Committee background information on the matter. The Applicant/Appellant and representative and Council Office staff also provided testimony. The Committee discussed at length about Quimby fees and the City's Dwelling Unit Construction Tax.

After an opportunity for public comment, the Committee recommended that Council grant in part and deny in part the appeals filed by REW DeSoto Partners, LLC and Josh Vasbinder on behalf of Warner 2D/E/P, LLC from part of the decision of the Advisory Agency, thereby approving the modification of Vesting Tentative Tract No. 69061-M1 for the proposed construction of a maximum of 707 residential apartment units, including 312 senior apartment units and 395 market rate apartment units, composed of two lots located, at 6205-6219 De Soto Avenue, Woodland Hills, 91367, subject to modified Conditions of Approval and allowing that the Dwelling Unit Construction Tax be applied unless condominiums are built, then the Quimby fee requirement will be applied. The Committee also requested the DCP and City Attorney to report back on questions that were brought up during the discussion on Quimby fees. This matter is now forwarded to the Council for its consideration.

Respectfully submitted,

PLANNING AND LAND USE MANAGEMENT COMMITTEE
