Subject: **CHILDREN'S HOSPITAL OF LOS ANGELES PRIVATE LINE
FRANCHISE APPLICATION AND RECOMMENDATION OF APPROVAL
(COUNCIL FILE #13-0181)**

Recommendation

ITA has reviewed the Children's Hospital of Los Angeles application for a private line telecommunications franchise and recommends approval of that application request as set forth below.

Background

A private line telecommunications facility is an encroachment permit that provides for the interconnection between two points in the public rights-of-way, utilized solely for signal transmission and not to serve any customer within the City of Los Angeles (City). Children's Hospital of Los Angeles is requesting that the City grants a limited franchise to install and maintain a private line telecommunications facility which will encroach into portions of the public rights-of-way located on portions of Lyman Place, De Longre Avenue, and Virgil Avenue in the City.

Fiscal Impact

Fiscal impact is negligible. Approval and implementation of this private line telecommunications franchise will generate \$31,800 in franchise fees over the next 10 years during the term of the franchise. In addition Children's Hospital of Los Angeles is required to provide the City with a franchise performance bond in the amount of \$75,000.
