Dear Ms. Mccarron:

**SEWER SERVICE CHARGE (SSC) APPEAL ONE-TIME CREDIT – 22510 NEEDLES ST**

On May 1, 2013, the Board of Public Works had granted your appeal for an SSC adjustment. The Board determined that your SSC would be retroactively adjusted for the period of **September 12, 2011 to September 11, 2012.**

An average of your domestic water consumption has been determined based on your sub-meter readings for the past year dating from September 11, 2012 to September 13, 2013. Therefore, your SSC will be retroactively adjusted to the average of 15 HCF, or approximately \$50.00 per 60-day billing period. All payments in excess of your retroactively adjusted SSC will appear as a one-time credit to your account. A sheet detailing the calculation of your adjustment is enclosed for your reference.

The DWP must have written authorization from this office in order to make adjustments to the SSC. Please see the attached memo for your records.

If you have any questions or need further assistance, please contact Matthew Vong of my staff at (213) 485-2437.

Sincerely,

Enrique C. Zaldivar, Director  
Bureau of Sanitation
