Summary:

On August 20, 2013, your Committee considered an August 6, 2013 BOS report relative to the exemption of one Project Assistant (Class Code 1542) for the Solid Resources Support Services Division- Community Services Group pursuant to Charter Section 1001(d)(4). According to the BOS, the Project Assistant will work within the Solid Resources Support Services Division Community Services Group and perform liaison duties to support the Waste Receptacle Program. The work provided by the Project Assistant assigned to this program mitigates the presence of litter at heavily traveled pedestrian traffic locations within the City and ensures effective collection of bottles, cans and other recyclable items. Should this position not be approved, there would be debris and litter throughout the City contributing to community blight and thereby impacting public health and safety.

This position will be supported through the Integrated Solid Waste Management Fund (ISWMF). Receipts from the SB332 Bottle Bill and Litter Abatement program are deposited in ISWMF. Litter Abatement and bottle and can recycling are among the authorized uses of the SB332 Bottle Bill grant funds. After consideration and having provided an opportunity for public comment, the Committee moved to recommend approval of the exemption as detailed in the above recommendation. This matter is now referred to Council for its consideration.

Respectfully Submitted,

PERSONNEL AND ANIMAL WELFARE COMMITTEE
